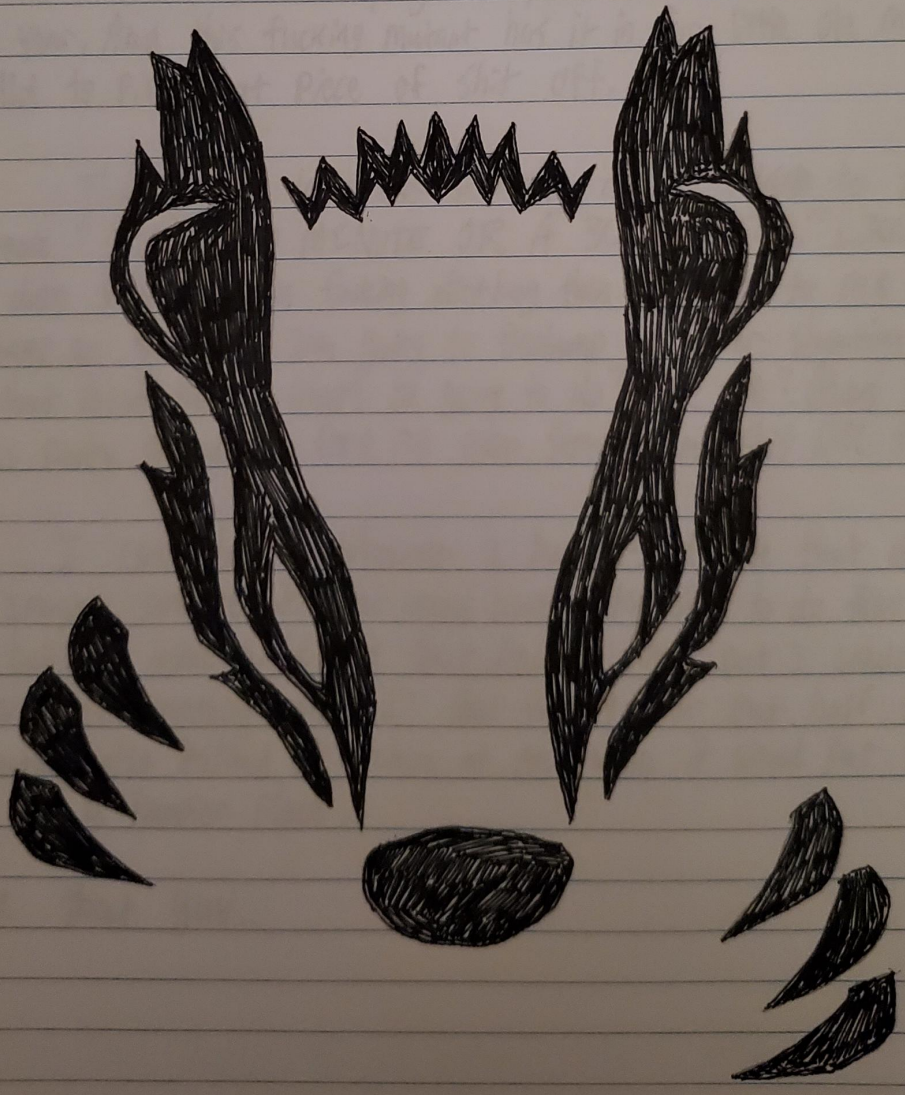
HATE HATE HATE



[redacted] back, I told her I thought I was was never going to see you again. She grabbed my arm & told me she was just on vacation. She confirmed that [redacted] was gone, shit [redacted] why did you have to go, Later that day I told [redacted] IF you go I go. And I ran my hand down her arm.

Also this fucking loser who's name I don't even care to know tryed to talk to me. This son of a bitch has me beat in every way except one thing, what ever it is it was a big enough deal for this cocksucker to talk to me. This shitstain has a career, big house, hefty salary, and like 2 month's vaction a year. And this fucking mutant has it in for little ole me. I wonder what I did to piss that piece of shit off.

This fucking loser was screaming at me [redacted] to take a 10 minute break "NOT A 20 MINUTE OR A 30 MINUTE." Like I make a habit of doing that shit. This fucking dirtbag then comes up to me smiling trying to fistbump me. Yeah like I'm going to fistbump you after shouting for no reason. I left that loser hanging, what's he going to do? Fire me? Man that muthafucker probably is petty enough to fire me over some dumb shit like that.

I can't believe whatever I have is driving that dick crazy. I would imagine someone like that would have better shit to do then constantly bust my balls. I used to be like that. And I found out I would rather channel that energy into something positive. IF that fucking loser put half the energy into something else instead of bitching at me maybe it would put that miserable faggot into a happier place.

Fuck that guy.

October 1 Tues 2019 8:20AM

I held [redacted] hand. As I was leaving [redacted] was high fiving everyone she came by. She said "show me some love" Instead of a high five I held her hand. It was sneaky but I couldn't resist.

Nightmare Fuel part 2

R+J

I had a crazy fucking dream. I dreamt that I walked up to this black lady & her kid. And I killed them both. I shoot'em both w/ a ~~[redacted]~~ Virgin Mary grip's. I put half a mag in each of them. I then stuck a knife in the black lady to make sure she was dead. Even though there's no way in hell she could have survived all those shot's it was like that scene in orphan. Some blood got on me. A bunch of red polka dot's on my clothes.

I go home & I change. I then go to a house party. Everyone at this fucking party is avoiding & ignoring me. This cute hispanic girl is serving sprite, she give's me a cup & start's filling, she say's "tell me when to stop", As I was about to say stop & then I heard police siren's in the distance. I said shit out loud.

And then I woke. It felt so real that I remember thinking I better get a good lawyer.

The hispanic girl pouring me sprite actually did happen when I was like 5

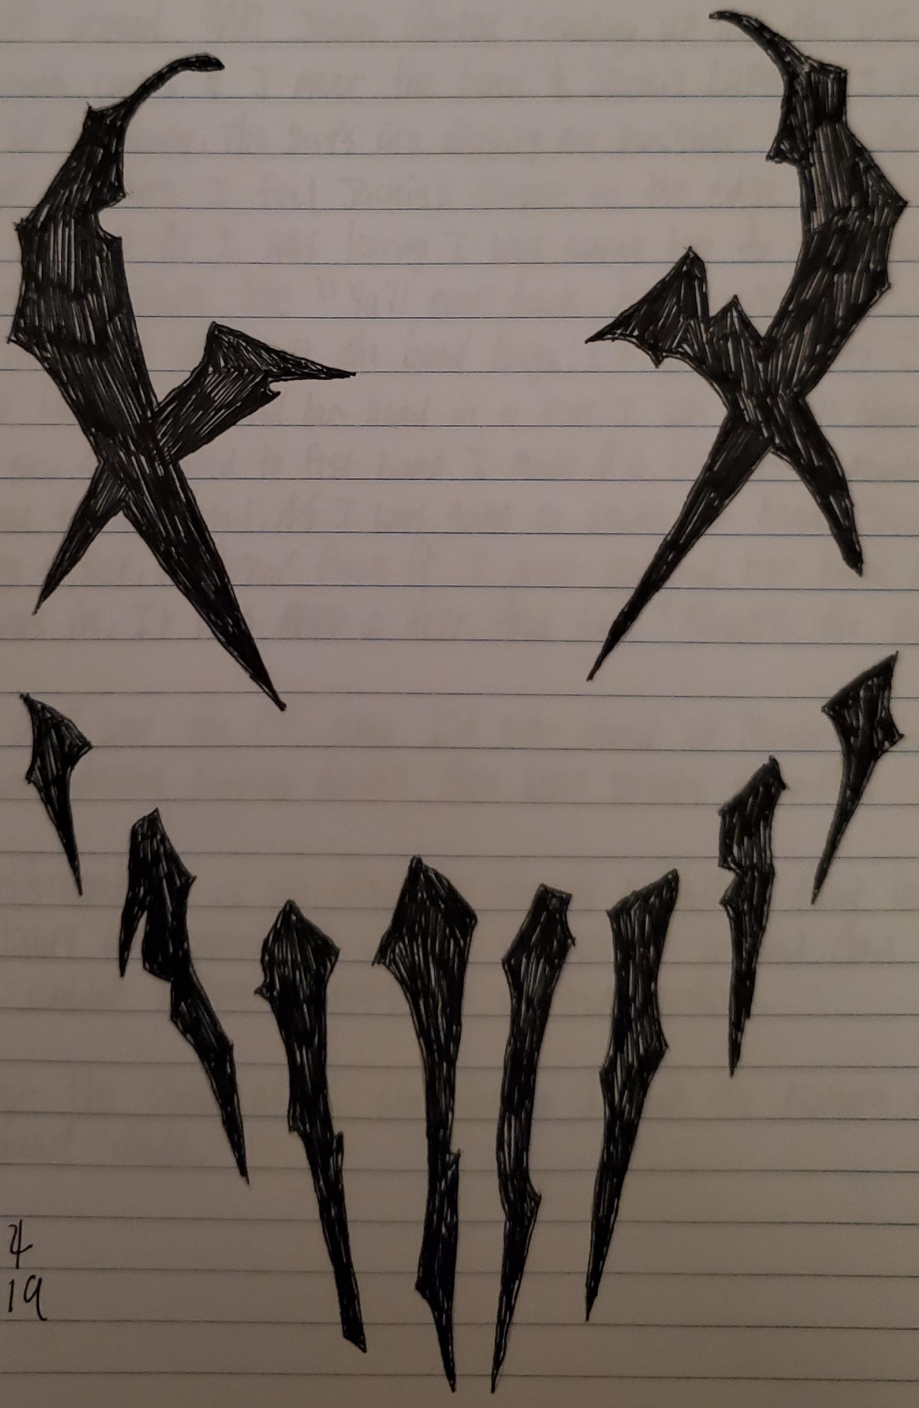
October 11 Fri 2019

There is a 1rst time for everything. Today it rained while the air was being unloaded. Not only did it rain but it was fucking cold. And to make shit worst one of the fucking can's got stuck. For almost a minute I tried to get this fucking shit to budge. After I got completely soaked I said fuck this shit.

October 12 Sat 2019

I called [redacted] for the 1rst time. When she answered she thought I was somebody else. I told [redacted] IF we were done for the day, [redacted] said "yes". I then told [redacted] she left her coffee & clipboard & IF she wanted me to bring it to, [redacted] said "yeah".

10/6 MIDNIGHT BLACK



October 14
Monday 2019

Mushroomhead & Unsaid Fate were in town. There was this dude Jason, I told Jason when we could meet the band. I don't know why but Jason answered in spanish. Ocho (eight) cinco (five).

At around 9PM Jason started rounding up all the VIP's. The moment of truth comes & I meet the band & Jackie Laponza. I fistbump & shake hands w/ everybody. The guy's are digging my punisher tattoo. As Jason is about to snap a picture I feel Jackie's finger on the edge of my lip trying to get me to smile. As I was leaving I was saying bye to ~~every~~ everybody. I was saying ~~dumb~~ stuff like "Ya'll come back, Have a nice tour, don't be a stranger". That last one made the band laugh; It was funny. As I was saying bye to Laponza, she had her hand in a fist. I was going to shake her hand but when I saw she wanted to fist bump I made a fist. As I made a fist Jackie switched to open hand. As I was going to shake her hand Jackie went back to making a fist. Arrw fuck it I just grabbed her hand whatever position it was in, It was a fist. And said "Thanks for coming".

"Come on" was the 1st time I'd ever heard of Mushroomhead. For such scary intimidating looking dude's they were pretty friendly.

Mushroomhead is up, Somebody throw's a balloon that look's like a ghost & light's up. Everybody is just smacking it around. And oh my God I couldn't believe it everybody started moshing.

After the show as I was leaving I got my picture taken w/ a mushroomhead dude.

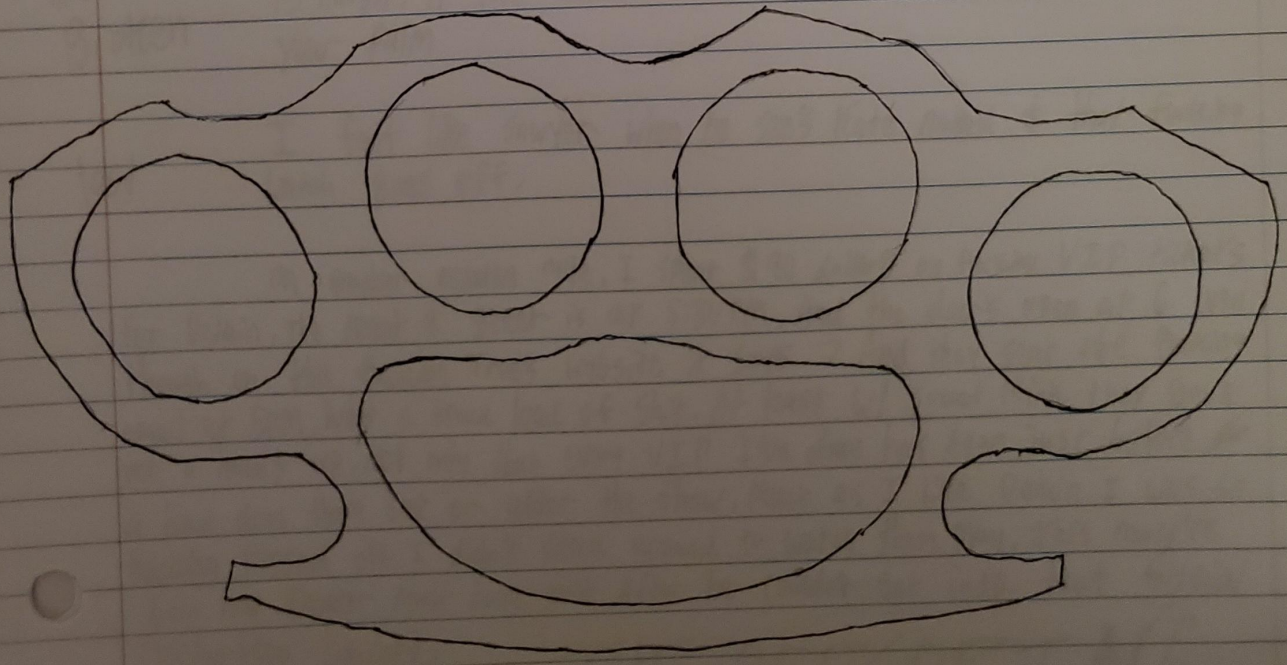
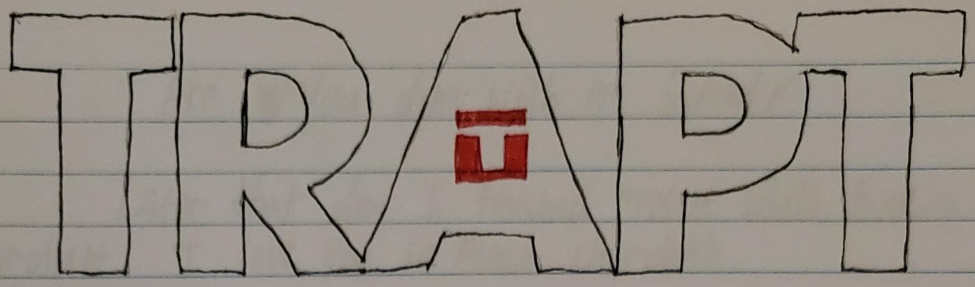
10/16 STOMPING TIME

Part 2

HeadStrong





I got into it W/ assface & that fat bitch again. Last time those losers called me out. This time I didn't even know they were talking shit until they left. Alright We'll handle that tomorrow, Yesterday that refried job stealing piece of shit was going off on this white dude. He didn't show us today. Huh I wonder why this greasy fat ass screaming at me yesterday or today.

On a positive note [redacted] had to get on the belt. And while she was on there she had to bend over. I could totally see the small of her back

Belly Broken — The curve of her spine is heaven unbound, But heaven is harsh. A fire unfaithful. Like a bird that you hold in your palm

lost — I felt like sawyer when he see's Kate naked & that fucking watch goes off.

On another negative note. I spent $190 dollars on fucking VIP ticket's for Delain. The meet & greet is at 5:30 PM. And the door's open at 6 even though on the fucking Trec's website it say's 7. And they sent the fucking email at 5PM. What a truck load of shit. At least W/ sound Rink they gave me a head's up. Not only that every VIP I've done has been just before a band does there set or after the show. Much as I like Delain I was so fucking pissed off. I didn't stick around to watch them play. This must've been how Dexter must have felt after he couldn't get into that Social Distortion concert.

THE OFFSPRING
